RESOLUTION NO. 122-24: A RESOLUTION OF THE CITY COMMISSION OF THE CITY OF WEST PALM BEACH, FLORIDA, ACCEPTING A GRANT FROM THE FLORIDA DEPARTMENT OF AGRICULTURE AND CONSUMER SERVICES 2023 URBAN AND COMMUNITY FORESTRY- PLANTINGS, PRESERVATION, AND INVASIVES CONTROL GRANT PROGRAM IN THE AMOUNT OF \$75,000 TO FUND A PLANTING PROJECT OF 148 TREES ALONG CLEAR LAKE TRAIL; AUTHORIZING EXECUTION OF A GRANT AGREEMENT; PROVIDING FOR AN EFFECTIVE DATE; AND FOR OTHER PURPOSES.

RESOLUTION NO. 148-24(F): A RESOLUTION OF THE CITY COMMISSION OF THE CITY OF WEST PALM BEACH, FLORIDA, AUTHORIZING THE APPROPRIATION OR TRANSFER OF CITY FUNDS IN FISCAL YEAR 2023/2024 IN ACCORDANCE WITH SECTION 4.03 OF THE CITY CHARTER OF THE CITY OF WEST PALM BEACH, FLORIDA, FOR THE PURPOSE OF AMENDING THE GRANT PROGRAMS SPECIAL REVENUE FUND BUDGET TO RECOGNIZE A GRANT FROM THE FLORIDA DEPARTMENT OF AGRICULTURE AND CONSUMER SERVICES 2023 URBAN AND COMMUNITY FORESTRY-PLANTINGS, PRESERVATION, AND INVASIVES CONTROL GRANT PROGRAM IN THE AMOUNT OF \$75,000 TO FUND A PLANTING PROJECT OF 148 TREES ALONG CLEAR LAKE TRAIL; PROVIDING AN EFFECTIVE DATE; AND FOR OTHER PURPOSES.

Background Information:

The City has recently completed the remaining 0.96-mile portion of a ten (10) foot-wide paved commuter trail and boardwalk between Palm Beach Lakes Boulevard and Okeechobee Boulevard. The trail was constructed to enable safe pedestrian and bicycle commuter traffic in this busy urban area, to provide safe routes to educational, medical, and social services facilities for the surrounding communities, and adds recreation and educational benefits.

The trail location was selected based on the results of a City Mobility Study, and specifically targeted an area of the City where the majority of residents are classified as low-or moderate-income individuals according to the U. S. Census. The trail was funded in part by Florida Commerce and Florida Department of Transportation assistance programs, but the trail scope of work could only provide littoral plantings and preserve as many existing trees as possible. The majority of the trail remains unshaded, which can be oppressive in our South Florida climate. The City's Office of Sustainability recently conducted a tree canopy survey and identified this project site as needing shade trees.

The Trail Greening project aims to plant 148 trees along this urban commuter trail to provide a shade canopy for ease of use. The following Florida native species will be installed: 36 Live Oak (*Quercus virginiana*); 20 'East Palatka' Holly (*Ilex x attenuate*); 25 Wild Tamarind (*Lysiloma latisiliquum*); 23 Mahogany (*Swietenia mahagoni*); 26 Gumbo limbo (*Bursera simaruba*); and 18 Green Buttonwood (*Conocarpus Erectus*). All trees installed for this project will be minimum Florida grade 1, with a minimum 12-foot height.

The commuter trail borders Clear Lake, which is part of the water supply system to the City of West Palm Beach. Trees planted along the commuter trail can have a positive impact on runoff water quality and volume to Clear Lake in this urban area. Therefore, in addition to providing shade to residents and trail users, the proposed trees will also

provide a benefit to the water supply for the City. The Office of Sustainability plans to use the Clear Lake Commuter Trail Greening site as a future means of education on sustainability and water supply. Furthermore, the tree planting effort will provide carbon sequestration and will assist the City with meeting its Tree Canopy improvement goals, and Greenhouse Gas Reduction target of net zero by 2050.

The Florida Department of Agriculture and Consumer Services' 2023 Urban and Community Forestry - Plantings, Preservation, and Invasives Control Grant Program awarded the \$75,000 grant to the City for the project. There are no match requirements for this grant; however, in order to ensure the trees are receiving adequate irrigation, the City has committed a local match total of \$41,812 from the City-Wide Tree Program, which has been budgeted.

Resolution No. 122-24 accepts the grant award and authorized execution of the grant agreement.

Resolution No. 148-24(F) provides for receipt of the grant and appropriation for the tree planting project.

Commission District 3: Commissioner Christy Fox.

Fiscal Note:

Approval of this item provides for receipt of the grant and appropriates the grant award of \$75,000 for the tree planting project.

- 6.5. Resolution No. 131-24 authorizing the City Commission of the City of West Palm Beach to approve a neighborhood maintenance covenant for the tree planting project in the Northwood Hills neighborhood.

Originating Department:

Public Utilities

Ordinance/Resolution:

RESOLUTION NO. 131-24: A RESOLUTION OF THE CITY COMMISSION OF THE CITY OF WEST PALM BEACH, FLORIDA, AUTHORIZING THE EXECUTION OF A NEIGHBORHOOD STREET MAINTENANCE AGREEMENT BETWEEN THE CITY OF WEST PALM BEACH AND THE NORTHWOOD HILLS NEIGHBORHOOD ASSOCIATION, INC., REGARDING MAINTENANCE OF VARIOUS TREES PLANTED IN THE NEIGHBORHOOD RIGHTS-OF-WAY; PROVIDING FOR AN EFFECTIVE DATE; AND FOR OTHER PURPOSES.

Background Information:

The Northwood Hills Neighborhood Association, Inc. (NHNA) is a volunteer, non-profit corporation that is open to the public and organized for the purpose of providing benefits to the citizens within the Northwood

Hills Neighborhood.

At the request of NHNA, the Public Utilities Department Office of Sustainability, City Parks Division, Landscape Planner and Engineering staff have been collaborating to accomplish the planting of trees in the City rights-of-way in the Northwood Hills Neighborhood (the "Project"). The City planted 100 native shade trees within parkways in the neighborhood. Tree species were chosen together with input from the neighborhood association and are as follows: Green Buttonwood (23), East Palatka Holly (25), Gumbo Limbo (14), Wild Tamarind (6), Live Oak (9), and Silver Buttonwood (23).

The City utilized the Master Landscaping Contract with Alligator Landscaping to complete the planting Project with funds from the City Wide Tree Program (Large Canopy Fund). These funds were appropriated for the purpose of tree planting projects specifically in the north end of the City and within the Downtown. The total cost of the tree planting Project is estimated to be \$144,865, which includes a year of supplemental watering. The NHNA agreed to maintain the trees for twenty (20) years following the year of warranty and watering supplied by the City and Alligator Landscaping. The NHNA signed the agreement before the trees were installed as the City and NHNA recognized locations would potentially shift depending on the utility line locations. After tree installation was completed and the final tree count and location were derived, Exhibit A was completed and provided with the signed maintenance covenant.

Extensive community outreach was conducted prior to the installation of the trees within the neighborhood. Tree species preferences and locations were shared, and feedback was requested and integrated into the Project. Outreach included displaying yard signs, staff attending neighborhood meetings, multiple meetings with NHNA, email blasts, and website postings.

Resolution No. 131-24 approves the Neighborhood Street Tree Maintenance Agreement with the Northwood Hills Neighborhood Association, Inc.

Commission District 1: Commissioner Cathleen Ward.

7. PUBLIC HEARING

- 7.1. Public Hearing and Second Reading of Ordinance No. 5103-24 amending the Code of Ordinances of the City of West Palm Beach, Florida, at Chapter 94, Zoning and Land Development Regulations, providing an application process and incentives for qualifying affordable and workforce housing projects.

Originating Department:

Development Services

Ordinance/Resolution:

ORDINANCE NO. 5103-24: AN ORDINANCE OF THE CITY COMMISSION OF THE CITY OF WEST PALM BEACH, FLORIDA, AMENDING THE CODE OF ORDINANCES OF THE CITY OF WEST PALM BEACH, FLORIDA, AT CHAPTER 94, ZONING AND LAND DEVELOPMENT REGULATIONS; ARTICLE II, ORGANIZATION, ADMINISTRATION, AND ENFORCEMENT, TO CREATE SECTION 94-56 AFFORDABLE AND WORKFORCE HOUSING APPLICATION PROCESS; ARTICLE XVII, AFFORDABLE AND WORKFORCE HOUSING TO CREATE REGULATIONS RELATED THERETO, TO BE CONSISTENT WITH GENERAL LAW; DECLARING THESE AMENDMENTS TO BE CONSISTENT WITH THE COMPREHENSIVE PLAN OF THE CITY; PROVIDING A CONFLICTS CLAUSE, A CODIFICATION CLAUSE, AND A SEVERABILITY CLAUSE; PROVIDING AN EFFECTIVE DATE; AND FOR OTHER PURPOSES.

Staff Recommended Motion:

Approve Ordinance No. 5103-24 on Second Reading on July 22, 2024, based on the findings that the amendment complies with the provision of Chapter 163 and Section 166.04151, Florida Statutes, and the City's Comprehensive Plan and the required Amendment Standards in Section 94-32 of the City of West Palm Beach Zoning and Land Development Regulations (ZLDRs).

Background Information:

The proposed amendments to the City of West Palm Beach Land Development Regulations provide for expanded production of affordable and workforce housing in the City consistent with both the newly adopted provisions of Section 166.0451 (7) (a), Florida Statutes, referred to herein as the Live Local Act and the State of Florida Live Local Act, and the City's Ordinance No. 5071-23, Evaluation and Appraisal (EAR) based amendments to the Comprehensive Plan more specifically amendments to the Future Land Use Element Policy 1.1.1, Policy 1.1.3, and Goal 6.

In December 2022, the City enacted Resolution No. 306-22, which approved interim standards for Commission review of residential projects, which increased the supply of affordable and workforce housing by granting increases in density and expediting the review process as permitted under Section 166.0451, Florida Statutes.

In July 2023, the interim program established under Resolution No. 306-22 was pre-empted, in part, by further amendments to 166.04151, Florida Statutes, which was one of the statutes amended through the adoption of the Live Local Act. The most utilized provisions for increasing the affordable and workforce housing production of Resolution No. 306-22 were no longer applicable due to the amendment. The City adopted its Comprehensive Plan EAR amendments. It included provisions related to affordable and workforce housing production, allowing the City to adopt land development regulations to implement the proposed affordable and workforce housing program similar to that established by Resolution No. 306-22. Additionally, the Ordinance codifies an administrative process to address the policy requirements of Section 166.04151(7), Florida Statutes, as amended on May 16, 2024.

Attachment II of the Planning Board report provides a summary of both the Live Local Act and the proposed Affordable and Workforce Housing Overlay development overlay.

MAYOR /COMMISSION WORK SESSION

On May 20, 2024, the Mayor and Commission held a Work Session to discuss the proposal to amend the code. No additional changes were recommended at that time.

PUBLIC INPUT

There has been ongoing conversation within the City departments and with the development community since HB 1339 was enacted in 2022. The adoption of Resolution No. 306-22 and subsequent legislative action in 2023 (SB102 Live Local Act) and 2024 (SB328 Live Local Act as amended) facilitated more action by the City to continue the success of the efforts under Resolution No. 306-22.

City staff held roundtable discussions with the development community and interested parties on August 1, 2023, and March 26, 2024, to review the approach and proposed code amendment language.

PLANNING BOARD

On May 21, 2024, the Planning Board voted unanimously to recommend approval to the City Commission.

COMMISSION

On July 8, 2024, the Commission voted unanimously to approve and to schedule Second Reading on July 22, 2024.

The City of West Palm Beach is an entitlement recipient of federal funds from the U. S. Department of Housing and Urban Development (HUD) under the Community Development Block Grant Program (CDBG), HOME Investment Partnerships Program (HOME), and the Housing Opportunities for Persons with AIDS Program (HOPWA). For Fiscal Year (FY) 2024-2025, the City anticipates receiving a total of \$5,201,323 as follows:

- CDBG: \$1,039,077;
- HOME: \$492,244; and

To receive these funds, the City is required to submit an Annual One-Year Action Plan to HUD, which describes the City's intended use of these funds. The Annual One-Year Action Plan submission deadline is August 16, 2024.

The grant funds are intended to address the community development and housing needs within the corporate limits of the City of West Palm Beach by achieving the overall goal of decent housing, providing a suitable living environment, and expanding economic development opportunities principally for low and moderate income persons.

As a part of developing the Annual Action Plan, federal regulations require the City to hold a public meeting to receive public input on using the funds. In addition to this public hearing, the City held an input meeting in-person and via Zoom on June 11, 2024. Input gathered at the meeting focused on the availability or need for mental health services for the City's homeless population and the need for additional affordable housing units and rental assistance.

Federal regulations also require the City to provide citizens with reasonable notice of and an opportunity to comment on the Annual Action Plan, as well as any substantial amendment to the Plans in accordance with 24 CFR 91.10. The 30-day comment period commenced on June 22, 2024, and ended on July 22, 2024. The City of West Palm Beach will consider all comments or views of residents, agencies, or other interested parties in preparation for the Action Plan. Such comments will be included in the final submittal documents to HUD.

Resolution No. 138-24: (a) authorizes the acceptance of the funds; (b) approves the FY 2024-2025 Annual Action Plan for uses of funds; (c) authorizes the Mayor to execute grant agreements and all other documents necessary for the submission of the Action Plan and the receipt and use of grant funds; and (d) authorizes submittal of the Action Plan to HUD for its review and approval.

Fiscal Note:

Budget line item appropriations will be setup in the FY 2025 Grant fund budget.

Originating Department:

Ordinance/Resolution:

RESOLUTION NO. 146-24: A RESOLUTION OF THE CITY COMMISSION OF THE CITY OF WEST PALM BEACH, FLORIDA, APPROVING THE CONSOLIDATION AND REPLAT OF REAL PROPERTY TO CREATE THE PLAT ENTITLED "ROSARIAN ACADEMY REPLAT" CONSISTING OF ONE (1) DEVELOPMENT TRACT TOTALING APPROXIMATELY 6.57 ACRES (286,344 SQUARE FEET) GENERALLY LOCATED AT 807 NORTH FLAGLER DRIVE; PROVIDING AN EFFECTIVE DATE; AND FOR OTHER PURPOSES.

Staff Recommended Motion:

Approve Resolution No. 146-24 creating the plat entitled "ROSARIAN ACADEMY REPLAT".

This motion is based upon the application submitted, the staff report, factual testimony, and the findings that the request complies with all applicable provisions of Chapter 177, Florida Statutes, the Comprehensive Plan, and the standards in Section 94-342 of the City's Zoning and Land Development Regulations.

Background Information:

On June 2, 1997, the City Commission approved Ordinance No. 3031-97 and Ordinance No. 3032-97, which assigned the land use designation of Community Service (CS) and rezoned approximately 0.24 acres of land adjacent to the boundaries of Rosarian Academy PSPPD to Community Service (CS) with the intention of the parcels to be included in the CSPD.

On June 2, 1997, the City Commission approved Ordinance No. 3033-97, which rezoned and established the Rosarian Academy Community Service Planned Development (CSPD) boundaries.

On December 16, 2019, the City Commission passed Ordinance No. 4873-19, which amended Ordinance No. 3033-97 to transfer all site plan approvals and related conditions to a separate resolution.

On August 9, 2022, Jon Schmidt of Schmidt Nichols, on behalf of Rosarian Academy, Inc., submitted three (3) separate applications for the Rosarian Academy CSPD, an application for a text amendment to allow expansion of CSPD boundary or rezoning of DMP properties, an application for the rezoning/boundary expansion, and an application for a major amendment for a revised campus site plan.

On January 23, 2023, the City Commission approved Ordinance No. 5028-22, which abandoned a portion of Eucalyptus Street and a 7th Street alleyway.

The subject property and project entitled: "Rosarian Academy" had both a rezoning and major planned development site amendment approved on May 30, 2023. The applications consisted of expanding the Community Service Planned Development (CSPD) designation to the remaining 6.3 acres of land under the ownership of Rosarian Academy. The school's property is generally located at 807 North Flagler Drive.

On May 24, 2024, Jon Schmidt of Schmidt Nichols, on behalf of Rosarian Academy, Inc., submitted the application for the Rosarian Academy CSPD replat in response to the revised campus site plans.

The purpose of the replat is to wholly incorporate the subject properties of 810 North Olive Avenue, 808 North Olive Avenue, 804 North Olive Avenue, 800 North Olive Avenue, 7th Street, and 807 North Flagler Drive into the existing Rosarian CSPD for regulatory consistency and to "square off" the school's downtown property.

All of the public hearings were advertised in the Palm Beach Post. Proof of publication is housed in the Planning and Zoning Division records, along with evidence that individual public hearing notices were mailed to all property owners within 500 feet of the subject property.

The Planning Division has determined that the request is consistent with the Comprehensive Plan and complies with all applicable criteria in Chapter 177 Florida Statutes, and all of the subdivision general design standards located in Section 94-342 in the Zoning and Land Development Regulations.

Commission District 3: Commissioner Christy Fox.
